EXCUSES BEGONE!

How to Change Lifelong, Self-Defeating Thinking
Habits

by

Dr. Wayne W. Dyer

Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health.

You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life—and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. *Excuses . . . begone!*
